

Indiana Department of Natural Resources / Division of Water

30 Day Public Notice Report

The Department of Natural Resources is providing this report to satisfy the requirements of the "Procedures Concerning Certain Licenses Act", IC 14-11-4, and its associated administrative rule, 312 IAC 2-3. The application files are available for public inspection at the Division of Water's office in Indianapolis. Please contact the Division's Technical Services Section at (317) 232-4160 or the toll free number 1-877-928-3755 to make an appointment for file review. Photocopies may be made for a nominal charge of \$0.10 per 8 1/2 " X 11" copy.

A pre-action public hearing on an application may be requested by filing a written petition with the Director, Division of Water:

Michael W. Neyer, P.E., Director
Division of Water
Room W264
402 West Washington Street
Indianapolis, Indiana 46204

For a petition to be considered valid it must:

1. Contain the typed or legibly printed name and complete mailing address of each petitioner;
2. Be signed by a minimum of 25 individuals who are at least 18 years old and either reside in the county where the project will take place or own real property within 1 mile of the project site;
3. Affirm that each signatory to the petition satisfies the requirements of item 2; and
4. Identify the application for which the public hearing is being requested either by the application # or the applicant's name and the project description.

A petition which does not meet these requirements will be considered invalid and the hearing request will not be granted.

A person may request that the Department provide written notice of its action on an application by filing a written request with:

Division of Water
Room W264
402 West Washington Street
Indianapolis, Indiana 46204

The request must identify the application by either the application # or the applicant's name and the project description.

30 Day Public Notice Report

Application # : DR-466

Lake : Lake of the Woods

Applicant : Marshall County Drainage Board
Larry C Fisher PLS
Marshall County Building
112 West Jefferson Street
Plymouth, IN 46563

Description : This is a maintenance project (sediment removal) on an existing regulated drain which was reconstructed over 20 years ago. Details of the project are contained in information received electronically at the Division of Water on December 7, 2006.

Location : Project is located on the west side of Lake of the Woods, Marshall County, Indiana. Project starts on West Shore Drive approximately 650 feet south of the intersection of West Shore Drive and 4th Road and extends westerly near Bremen, North Township, Marshall County
Section 12, T 34N, R 2E, Bremen Quadrangle
Quad Code: 4108642

Statute/Rule : "Ditch" Act, IC 14-26-5

Application # : DR-467

Stream : Unnamed Tributary Lake
Of The Woods

Applicant : Marshall County Drainage Board
Larry C Fisher PLS
Marshall County Building
112 West Jefferson Street
Plymouth, IN 46563

Description : This is a maintenance project (sediment removal) on an existing regulated drain (Bohmer Ditch). Beginning where the ditch crossing West Shore Drive at Lake of the Woods and extending westerly. SEA #494. Details of the project are contained in information received electronically at the Division of Water on December 12, 2006.

Location : Project is located on the West side of Lake of the Woods, Marshall County, Indiana in Section in Section 1, T35N, R2E and starts approximately 1600 feet North of the intersection of West Shore Drive and 4th Road near Bremen, North Township, Marshall County
Section 1, T 35N, R 2E, Bremen Quadrangle
Quad Code: 4108642

Statute/Rule : "Ditch" Act, IC 14-26-5

30 Day Public Notice Report

Application # : FW-24082

Stream : Ohio River

Applicant : City of Rising Sun
Mike Northcutt
200 North Walnut Street
Rising Sun, IN 47040-0712

Description : Approximately 465 linear feet of the river's eroded streambank will be stabilized with a 12' high retaining wall to deter further bank erosion. The retaining wall will consist of Mesa blocks with geo-grid reinforced sod. The streambank in front of the wall will be stabilized by a concrete sidewalk and riprap placed over a geotextile fabric that will extend down to the normal pool level at a 3:1 sideslope. The retaining wall and the concrete sidewall will be constructed above the ordinary high water elevation of 459.0'. Additionally, a new concrete stairway with landing and a 36" pipe with a 36" end treatment will be constructed. Details of the project are contained in information and plans received at the Division of Water on November 29, 2006.

Location : Along the south side of Front Street at the intersection of Main Street and Front Street extending upstream approximately 465' to the intersection with 4th Street
DOWNSTREAM: at Rising Sun, Randolph Township, Ohio County
NW¼, SE¼, SW¼, Section 2, T 3N, R 1W, Rising Sun, IN-KY Quadrangle
Quad Code: 3808487
UTM Coordinates: Downstream 4312950 North, 686275 East
UPSTREAM:
UTM Coordinates: Upstream 4313100 North, 686350 East

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

Indiana Department of Natural Resources / Division of Water

30 Day Public Notice Report

Application # : FW-24087

Stream : Falling Run

Applicant : Padgett Realty LLC
Jim Padgett
901 East Fourth Street
New Albany, IN 47150-3328

Description : An approximate 400' x 700' area was filled in the east (left) floodplain of Falling Run. The fill varies in depth from grade on the landward side to approximately 12' on the streamward side. It is set approximately 80' back from the top of the bank and has 3:1 sideslopes. The fill's finished elevation is 442', NGVD. Details of the project are contained in information and plans received at the Division of Water on November 28, 2006.

Location : Along the left (southwest) overbank, beginning 1000' east of the Bond Road and Graybrook Road intersection and extending approximately 400' downstream
DOWNSTREAM: near New Albany, New Albany Township, Floyd County
Section 35, T 2S, R 6E, New Albany, IN-KY Quadrangle
Quad Code: 3808537
UTM Coordinates: Downstream 4239175 North, 602795 East
UPSTREAM:
UTM Coordinates: Upstream 4239320 North, 602855 East

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

30 Day Public Notice Report

Application # : FW-24090

Stream : Honey Run

Applicant : Scott County Commissioners
C William Read
One East McClain Avenue, Suite 130
Scottsburg, IN 47170-1852

Description : The existing 20' single span (steel) beam bridge will be replaced with a 24'-4" x 8'-2" x 36' aluminum box culvert bridge with headwalls, wingwalls, toewalls, and invert. The structure will have a clear roadway width of 28'. The side slopes will be armored with Revetment riprap placed over a geotextile fabric. The abutments will not be skewed. The approach roads will follow the existing ground contours to allow for road overflow. Details of the project are contained in information and plans received at the Division of Water on December 6, 2006.

Location : At the County Road 150 South (Lake Road) stream crossing
near Scottsburg, Vienna Township, Scott County
SW¼, SE¼, NW¼, Section 30, T 3N, R 6E, Scottsburg Quadrangle
Quad Code: 3808567
UTM Coordinates: Downstream 4280725 North, 605490 East

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

30 Day Public Notice Report

Application # : FW-24091

Stream : West Fork White River

Applicant : Hamilton County Parks & Recreation Department
B Christopher Stice
15513 South Union Street
Carmel, IN 46033-9445

Description : Approximately 2350' of West Fork White River's western streambank will be stabilized. Class 1 riprap will be keyed into the toe of the slope, covered with 6" of compacted uniform riprap, backfilled, and covered with permanent erosion control blankets and a native vegetation seed mixture. In those areas where the bank is shallow, the bank will be stabilized by placing riprap at the toe of the slope. Gabion sacks will be placed atop the riprap. Six inches of compacted uniform riprap will be stacked behind the gabion sacks, backfilled, and then covered with permanent erosion control blankets and a native vegetation seed mixture. Details of the project are contained in information and plans received at the Division of Water on December 6, 2006.

Location : Along the right (west) bank beginning approximately 315' downstream of the Strawtown Avenue stream crossing extending downstream about 2850'
DOWNSTREAM: near Noblesville, White River Township, Hamilton County
SE¼, NE¼, SW¼, Section 4, T 19N, R 5E, Riverwood Quadrangle
Quad Code: 4008518
UTM Coordinates: Downstream 4441807 North, 587641 East
UPSTREAM: NE¼, SW¼, NE¼

UTM Coordinates: Upstream 4442441 North, 588174 East

30 Day Public Notice Report

Application # : FW-24092

Stream : Silver Creek

Applicant : Ben Marrs
9538 S.W. Washington School Road
Fredericksburg, IN 47120-8933

Description : A 1000' x 500' area was filled in the east (left) floodplain of Silver Creek to compensate for previous excavation at the site. An additional 350' x 450' area that has not been excavated will be filled. The entire 1350' x 950' area will be filled to an elevation of 450'. The work will remain at least 100' from the high bank of the stream. Details of the project are contained in information and plans received at the Division of Water on December 6, 2006.

Location : In the left (east) overbank beginning at a point approximately 1700' upstream of the stream mouth extending east-northeast about 1400' and north-northwest about 500'
DOWNSTREAM: near Clarksville, Jeffersonville Township, Clark County
Clark Military Grant #30, New Albany, IN-KY Quadrangle
Quad Code: 3808537

Application # : FW-24104

Stream : Williams Ditch

Applicant : Lake County Drainage Board
Daniel V Gossman
2293 North Main Street
Crown Point, IN 46307-1854

Description : This project involves ditch reconstruction on approximately 8,400' of Williams Ditch. Activities include 1) removal of accumulations of logs, root wads, trees in danger of falling into the stream or obstructing flow, and other debris that spans the waterway using hand operated and/or heavy equipment, 2) dipping, dredging, and/or removing 0.5 foot to 2.5 foot of sediment from the channel bottom, 3) installation of two in-channel sediment basins approximately 80' long by 3' deep, and 4) riprap bank protection in areas of erosion, mimicking the natural slope of the channel bank. Details of the project are contained in information received electronically at the Division of Water on December 13, 2006.

Location : The project is located along Williams Ditch beginning at the intersection of Cline Avenue and 245th Street and heading generally south and east for 8,400' near Schneider, West Creek Township, Lake County
Section 2, T 31N, R 9W, Schneider Quadrangle
Quad Code: 4108724

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

30 Day Public Notice Report

Application # : PL-20626

Lake : Shriner Lake

Applicant : Ernest Nine
5383 North Old 102
Columbia City, IN 46725-8938

Description : An existing poured in place concrete seawall will be refaced across a portion of the 85' of 85' frontage of the applicant on Shriner Lake to prevent deterioration. The refacing will consist of poured in place concrete which will be tied to the existing wall with 1/2" rerod. The refacing will have a maximum thickness of 12" and will be sloped on the lakeward side. A 30" wide poured in place concrete walkway will be constructed on top and landward of the lakeward face of the refaced wall. Details of the project are contained in information received electronically at the Division of Water on December 13, 2006.

Location : 5383 North Old 102; north side of Shriner Lake
near Columbia City, Thorncreek Township, Whitley County

Statute/Rule : Lakes Preservation Act, IC 14-26-2, with the associated Public Freshwater Lake Rule, 312 IAC 11

Application # : PL-20627

Lake : Webster Lake

Applicant : Patricia Leto
55 EMS W29B Lane
North Webster, IN 46555-9749

Description : A new seawall (will be) constructed across 80' of the 80' frontage of the applicant along Webster Lake to deter shoreline erosion. The wall will consist of poured in place concrete which will be slope on the lakeward side. It will be 48" high and will vary uniformly in thickness from 13" to 30" from the base to the top. The lakeward face of the wall will be at the legal shoreline. Details of the project are contained in information received electronically at the Division of Water on December 13, 2006.

Location : 51 EMS W29B Lane and 55 EMS W29B Lane; south side of Webster Lake, W ½ Lot 25, Point Yellow Bank Haymonds and Lot 26 and E ½, Lot 27 Point Yellow Banks Haymonds
near North Webster, Tippecanoe Township, Kosciusko County

Statute/Rule : Lakes Preservation Act, IC 14-26-2, with the associated Public Freshwater Lake Rule, 312 IAC 11
